

REMARKS/ARGUMENTS

35 U.S.C. §112, First Paragraph

The Examiner rejected claims 15-19 and 21-23 under 35 U.S.C. §112, first paragraph, as allegedly not enabled for treating cancers other than lung and colorectal cancer or for administering zeolites having a mean particle size other than 250 nm.

In response, and without conceding the correctness of the Examiner's factual statements, applicant respectfully maintains that based on the examples set forth in the specification, one skilled in the art would be able to practice the invention with other types of cancer and other sizes of zeolites. Accordingly, applicant respectfully requests withdrawal of the rejection.

If any additional fees or charges are required at this time, they may be charged to our Patent and Trademark Office Deposit Account No. 03-2412.

Respectfully submitted,
